

Prior to installing the DynaCom® software, please verify the following minimum requirements are met:

- Windows operating System (WIN95 or later)
- Internet Explorer 5 or later
- If Windows NT is used, Service Pack 3 or later must be installed and Administrator access is required to create an ODBC system DNS.
- 18 MB minimum disk space available
- 1 Serial Communication Port

END-USER LICENSE AGREEMENT FOR DYNACOM® SOFTWARE

IMPORTANT - READ CAREFULLY

This End-User License Agreement is a legal AGREEMENT between you (either as a registered individual user or as the registered user/representative and on behalf of a single entity) and Dynamic Flow Computers for the use of DynaCom® software, which includes computer software and may include associated media, printed materials, and/or electronic documentation ("DynaCom"). By installing, copying, or otherwise using DynaCom, you agree to be bound by the terms of this agreement. If you do not agree to the terms of this agreement, then DO NOT install or use the DynaCom® software.

DYNACOM® SOFTWARE LICENSE

- 1) GRANT OF LICENSE: The DynaCom® software is licensed; not sold. This agreement grants you, the DynaCom® user, the following rights:
 - DynaCom® is available for use with any Dynamic Flow Computers product at no cost. End users may install and use one copy of DynaCom® per flow computer. Users agree to indemnify, defend and hold harmless Dynamic Flow Computers against any claims arising out of any allegation that use of DynaCom® violates any such laws.
 - STORAGE/NETWORK USE. You may also store or install a copy of DynaCom® on a storage device such as a network server, used only to install or run the software on other computers over an internal network. In the event more copies are required, verbal agreement must exist to dedicate a distinct license for each developer using DynaCom® from the storage device. Any given license for DynaCom® may not be shared or used concurrently or otherwise on different computers or by different developers in a given organization.
- 2) OTHER RIGHTS AND LIMITATIONS
 - Users of DynaCom® software may not modify, reverse engineer, decompile, or disassemble DynaCom®, except and only to the extent that such activity is expressly permitted by applicable law. DynaCom® is licensed as a single product. Its component parts may not be separated for use on more than one computer.
 - DynaCom® software is a complementary offering with our hardware products and are intended for use solely with the Dynamic Flow Computer. DynaCom® software shall not be used for commercial purposes, resale or otherwise transferred for compensation of any kind.
 - DynaCom® software may not be rented, leased or loaned to any party.

- A user may permanently and wholly transfer all rights under this agreement, provided the user (a) retains no copies (whole or partial), (b) permanently and wholly transfer any and all of the Dynacom® software (including all component parts, the media and printed materials, any upgrades, this agreement and, if applicable, the Certificate of Authenticity) to the recipient, and (c) the recipient first agrees to abide by all of the terms of this agreement. If the Dynacom® software is an upgrade, any transfer must include any and all prior versions of the software and any and all rights therein, if any.
- Without prejudice to any other Dynacom rights, Dynamic Flow Computers may terminate this agreement if the user fails to comply with the terms and conditions herein. In such an event, the user must destroy any and all copies of the Dynacom® software and all of its component parts.

3) COPYRIGHT AND TRADEMARKS

- All title, trademarks and copyrights in and pertaining to the Dynacom® software, the accompanying printed materials, and any copies of the Dynacom® software, are owned or licensed by Dynamic Flow Computers or its affiliated companies. The Dynacom® software is protected by copyright and trademark laws as well as international treaty provisions. Users may make one copy of the Dynacom® software for back-up and archive purposes only. If more than one copy is required, verbal agreement must be obtained from Dynamic Flow Computers.
- Users may not remove, modify or alter any Dynamic Flow Computers copyright or trademark notice from any part of the Dynacom® software, including but not limited to any such notices contained in the physical and/or electronic media or documentation.

4) WARRANTY

- Implied warranties on the Dynacom® software, if any, are limited to ninety (90) days.
